

**WORLD RENEWABLE ENERGY CONGRESS – 18**  
University of Kingston  
LONDON – UK, Monday 30 July – Friday 3 August , 2018

**Renewable Energy for Clean Electricity & Sustainable Buildings**

**Mission Statement**

Renewable **energy** is a fast growing industry – providing jobs for 6 million people globally and triggering annual investment of \$300 billion world-wide. **Renewables** can drastically reduce dependence on energy imports and provide rapidly increasing contributions to urgently needed electricity demand globally. Renewables are the cornerstone and foundation of a truly **sustainable energy future**. Our mission is to promote enabling policies and to further develop a broad range of renewable energy technologies and applications in all sectors – for heating and cooling, agricultural applications, water desalination, industrial applications and for the transport sectors leading to A BETTER, CLEANER AND SAFER WORLD
