

The ninth Coordination Meeting

Between

**The Islamic Educational, Scientific and
Cultural Organization (ISESCO)**

And

**The World Renewable Energy Network
(WREN)**

Rabat, Kingdom of Morocco, 23rd - 25th, March, 2015

Ninth Coordination Meeting
Between
The Islamic Educational, Scientific and Cultural Organization (ISESCO)
And
The World Renewable Energy Network (WREN)

**Rabat, Kingdom of Morocco,
23rd – 25th March 2015**

Within the framework of the Cooperation Agreement between the Islamic Educational, Scientific and Cultural Organization (ISESCO) and the World Renewable Energy Network (WREN) signed on 5th January, 2001, the Fifth Coordination Meeting was held at Rabat, Morocco, during Professor Ali Sayigh, Director General of WREN visit to ISESCO.

Both Organizations showed satisfaction on the activities implemented jointly between ISESCO and WREN. ISESCO expressed great appreciation for the fruitful cooperation and high standard of activities accomplished under ISESCO-WREN eighth Cooperation Programme 2013 and 2014 emphasizing the importance of partnership and collaboration with WREN to achieve international agenda for sustainable development for promotion of renewable energy. WREN expressed deep gratitude and high admiration to His Excellency, the Director General of ISESCO for his continuous support to the cause of development of Renewable Energy as well as cooperation and coordination extended by ISESCO towards promotion of renewable energy technologies and building capacities, under common objectives.

The Meeting agreed on the following activities:
