

## Stephen White

Dr Stephen White is the Solar Cooling Group Manager in the CSIRO Energy Transformed Flagship. He is chair of the Australian Solar Cooling Interest Group and leads the "Market Support Measures" subtask in the new International Energy Agency Task 48 "Quality Assurance and Support Measures for Solar Cooling". Until recently he was the Australian delegate to the International Institute of Refrigeration and was recognized with an AIRAH presidents citation in

2009 for services to the Australian refrigeration and air conditioning industry.

His presentation on: **Sweating to be cool with solar: Progress toward achieving a vibrant solar air conditioning industry**
